PAY YOUR WATER BILL AUTOMATICALLY

With First Utility's AUTOMATIC BANK DRAFT Program, there's no need to send us a check, spend money for postage and envelopes, or worry about missing a due date. Your water bill is paid automatically each month. At no additional cost.

Here's How Automatic Bank Draft works:

Simply provide us with a voided check from a checking account where you would like your water bill paid from.

We will debit your designated account for the amount of your bill.

You will still receive a water bill each month with a notation of a bank draft.

IMPORTANT NOTICE:

Please write "VOID" on the face of a blank check and attach to this form. This will help us ensure that the routing number is in our file and verify the account number.

I understand that it will not be necessary for First Utility or anyone employed by it to sign such drafts. I agree that such draft shall be the same as if issued and signed personally by me. I further agree that First Utility shall be under no obligation to furnish me with any special advice or notice in writing of the presentment of any such draft.

This authorization is to remain in effect until revoked by me in writing, and until such notice is actually received, that First Utility be fully protected in honoring any such draft.

NOTE: Bill will be drafted on the 10th of each month.
